April 10, 2019 Award Letters sent to approved organizations with funding:

A written letter of proposal approval or denial will be provided to the applicant agency within ten calendar days following the decision of the Board of Commissioners or their duly authorized committee.

Contract specifics are negotiated with successful applicants prior to execution of contracts. In all three fiscal years of a grant, the applicant agency and Senior Resources will negotiate costs and grant amounts with final approval by the Muskegon County Board of Commissioners.

All awards are contingent upon availability of funds and any possible revocation due to a successful appeal from another applicant. Contracted awards may change during any fiscal year of the 3 year grant cycle according to availability of funds.

Any applicant may request information, scores, clarification, or criteria on which the denial was based. The letter must indicate that this is a request for awards procedures information. The request for information will not be accepted as or misconstrued to be a letter of appeal. The information seeking letter can be signed by the project director or coordinator.

Any agency intending to appeal must follow the appeals procedure included in the RFP packet within the procedure time frame.

Following approval of the three-year proposal, contractors will be asked to submit on yearly basis:

- a. signed negotiated Notice of Contract Award (NCA);
- b. signed boiler-plate contract;
- c. signed approval/assurances;
- d. completed Continuation of Funding Request
