560 Seminole Road – Norton Shores  
Board/Training Room**

We have been offered a very special opportunity to share feedback with the Aging & Adult Services Agency (AASA) on what it is like to be or serve older adults in Michigan. The goal is to learn about the needs and gaps in programs and services so AASA is better able to support the health and wellbeing of Michigan's older adults. They want to learn about the biggest concerns for older adults in Muskegon, Ottawa and Oceana counties and what makes our area communities appealing for older adults.

The Aging & Adult Services Agency (AASA) is Michigan's designated state unit on aging. AASA's mission is to provide statewide leadership, direction, and resources to support Michigan's aging, adult services, and disability networks, with the aim of helping residents live with dignity and purpose. AASA's vision is for Michigan residents to live well as they age.

Every three years AASA updates the State Plan on Aging. The state plan serves as a blueprint that spells out the coordination and advocacy activities the state will undertake to meet the needs of older adults. AASA is looking for insight from people in the community. Whether you're an older adult, a caregiver, an advocate, or someone working with older adults in a volunteer or professional capacity, your voice is needed.

Please take advantage of this opportunity to use your voice and join the community conversation and let AASA know what is important to older adults in Muskegon, Ottawa and Oceana counties.
