 - Abandonment

Safe Haven is an Elder Abuse Victim Advocacy and Care Management community program provided by Senior Resources, the area agency on aging serving Muskegon, Oceana, and Ottawa counties.

Safe Haven has a team of elder victim specialists that provide confidential, trauma-informed, person-centered wrap around support services for elderly and vulnerable adults who have been victims of abuse, neglect, or exploitation.

A NOTE ABOUT TEMPORARY HOUSING

We recognize that housing is often a very needed resource. Our temporary housing options are limited by funding. Our goal is to assist the victim in remaining in their home if it is safe to do so. **Safe Haven is not a shelter.**

Our goal is to create pathways to permanent housing by identifying specific housing needs and connecting the survivor with both professional resources and natural supports.
