## One Call to an Options Counselor Can Provide a Complete Home Care Solution

Care options vary and depend on the level of care needed and how that care is delivered and funded. To help navigate these options, our trained Options Counselors will:

- Complete an initial person-centered care review
- May conduct an income/asset information review to determine program/service eligibility
- Care options are reviewed and an initial assessment or screening may be scheduled

*All inclusive home-based care for your needs...  
your choice!*
